15.02.2023

To,

Mr. Ashok Kumar Sarkar
Plot- S/37, Maitri Vihar, Chandrasekharapur,
Khorda, Bhubaneswar, Odisha,
Pin Code- 751023

Dear Mr. Ashok Kumar Sarkar

Greetings from International Space Olympiad

We are happy to let you know that your ward Akash Aman Sarkar has successfully cleared all the three levels of the International Space Olympiad 2021-22. International Space Olympiad (ISO) is an International Quiz competition on Space Science and Technology for students of Grades 5-12. It is organized by Edu Mithra Intellectual services Pvt. Ltd., every year with a mission to attract, encourage and enhance the aptitude of children in Space Science & Technology. Our exam is all about inspiring the young aspirants to dream bigger and to channel their interests in Space Science and Astronomy. Space Science has grown into a field of great importance and India is achieving heights at a pace like never before. Students are the future of any nation and it is only through the nurturing of young talents, India can achieve higher. ISO had three levels and we are glad that Akash Aman Sarkar has done a lot of hard work and shown dedication to successfully clear all the levels. A visit to **NASA** is the award given to the top scorer of the ISO competition. Those who have successfully completed all the three levels are given a certificate of excellence.

We would like to hand over a certificate of excellence as a token of appreciation for the intellectual excellence of Akash Aman Sarkar in the field of Space Science.

Thank you for your support.
